

5 October 2011

Dear Parents

I hope that your child is enjoying visiting the Mathletics website.

It is possible for parents to view their child's progress by registering at the Parent Centre:

To register for your Mathletics Parent Centre access:

- Visit www.mathletics.co.uk/parent
- Complete the fields and click submit
- Record your new username & password

To access the Parent Centre:

- Visit www.mathletics.co.uk
- Click sign-in and enter your Parent username & password

We have also been informed by Mathletics about the following:

- *The iPad does not support the Mathletics/Spellodrome websites. This is because the website is Flash-based, and the iPad does not support Flash*
- *There are apps that are available to download from the app store that will allow you to use Mathletics on the iPad. One of these is an app called iSwifter. This is a browser that provides a platform for Flash content to be viewed*
- *There are also Mathletics apps available – for example there is a “Live Mathletics” app, allowing students to play the online race game on their iPod/iPad.*

If you have any questions please do not hesitate to contact your class teacher or myself.

Best regards

John Roycroft

Mathletics Administrator
